OUR FOAM CANNON HAND SPONGE WASH

Perfect for ceramic coated cars

Our sponge wash is a gentle, hands-on cleaning service designed to safely remove dirt and grime without damaging the car. We use a high-quality soap to loosen buildup, then carefully wash each surface by hand using soft sponges to protect your vehicle's finish. Everything is done manually with attention to detail. Pricing varies based on the size of the vehicle, rim style, tire size, and the level of dirt or soil present.
